PROFESSIONAL SUMMARY

I'm a Professional Quality Analyst with experience in Property & Casualty insurance domain. Specialized in Guidewire Testing and proficient in Manual Testing, Functional Testing, Regression Testing, System Integration Testing (SIT). Hands-on experience in validating Guidewire PolicyCenter, rating configurations, SmartComm document generation, and API/Integration testing, BillingCenter and Digital platform across insurance platforms.

TECHNICAL SKILLS

- Testing Skills: Functional Testing, Integration Testing, Manual Testing & Automation Testing
- Guidewire Domain: PolicyCenter, Rating, SmartCOMM, Integration, Conversion & BillingCenter
- Automation Tools: Eclipse, Visual Studio Code & Talos AI
- API Testing Tools: SOAP UI
- Database Tools: SQL & DBeaver
- AI Tools: AMIGO AI
- Project Tools: JIRA, WinSCP, Service Now & POC Services
- Testing Methodology: Waterfall & Agile

PROFESIONAL EXPERIENCE

Hexaware Technologies

From November 2023 to present.

PROJECTS

The American Automobile Association - AAA

The Auto Club Group (ACG)

- Validated Guidewire PolicyCenter workflows, policy transactions and under writing rating calculations and actuarial analysis, SmartComm documents and integration functionalities across modules.
- Performed extensive Manual Testing, Functional Testing, Regression Testing, Smoke Testing, System Integration Testing (SIT) and Performance Testing to ensure application quality and business compliance in test planning strategy in software testing life cycle STLC.
- Performed Functional Testing, End-to-End Testing, System Integration Testing, UAT, and Regression Testing and tested key PolicyCenter functionalities including submissions, policy changes, cancellations, reinstatements, rewrites, and renewals.
- Analyzed business requirements, user stories, and related project documents to understand functional flows and prepare accurate test scenarios and test cases. Designed, reviewed, and executed detailed test cases based on business requirements and acceptance criteria to achieve maximum test coverage.
- Identified, tracked, reported, and retested defects as part of defect lifecycle management tools and coordinating closely with developers and business analysts for quick resolution.
- Utilized AMIGO AI tool effectively to optimized prompts for generating high-quality test cases.

ACADEMIC HISTORY

Bachelor of Technology - B. Tech IT

I've pursued my B. Tech in Information Technology from 2019 to 2023 and I've graduated with an 8.5 CGPA.

ACCOMPLISHMENTS

- Awarded as an Exemplary Efforts award from client
- Awarded as a Rockstar of the month twice across different quarters
